How does the toner maintenance program work?

Aimed at lowering your overall cost of ownership on laser printer expense, the toner maintenance program is extremely simple. By participating, TIC Express will provide toner cartridges for all the laser printers at 10% to 50% off the regular OEM prices. In addition, TIC Express will cover all labor and trip charges for any repairs of the printer. Your only obligation is to pay for the part at a low price. That's it! No hassles - worry free **GUARANTEE!**

How does the guarantee work?

We are highly confident in the quality and durability of our remanufactured cartridges. With up to one year after purchase, we guarantee them at 100%. That means any cartridge found to be defective will be replaced, and, any defective cartridge that damages the printer will receive free service and repairs.

What is the benefit?

There isn't just one. By enrolling in TIC Express's toner maintenance program, your business will save money on toner cartridges and maintenance on your printer. You will have one point of contact for all your printer needs. Our qualified technician will respond quickly (Same Day), meaning limited down time and no worries about printer labor and trip charges. That's it! No hassles - just a peace-of-mind **GUARANTEE!**
